PLASTIC SURGEONS
Art & Excellence

2024 ANNUAL MEETING

SEPTEMBER 20-22
La Cantera, San Antonio, TX

ONSITE PROGRAM

Dr. Henry Mentz, MD,
TSPS President-Elect and 2024 Annual Meeting
Program Chair, welcomes you to the 2024 Annual
Meeting at the beautiful La Cantera Resort and Spa.

The TSPS Annual Meeting is a 3-day event filled with outstanding speakers, informative lectures, energy-filled competitions, supportive sponsors, and an interactive Exhibit Hall. This year, we are also excited to recognize our 70-Year Anniversary as we invite all attendees to celebrate with us at our Anniversary Social on Saturday evening. We also encourage you to enjoy our newest additions to the meeting, including Career Connections, the Innovation Station, Women in Plastic Surgery Evening Social and the Wellness Lounge.

TSPS members enjoy professional connections with colleagues and look forward to social connections year after year. We look forward to an outstanding weekend and hope you enjoy the TSPS's 2024 Annual Meeting!

HOTEL INFORMATION

La Cantera Resort and Spa

16641 La Cantera Parkway
San Antonio, TX 78256

RESERVATIONS: (855) 499-2960

CLICK HERE

Check-in: 4pm / Check-out: 11am
Self-parking is complimentary

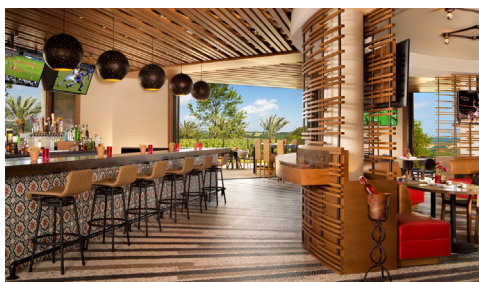

ONSITE REGISTRATION: Visit the TSPS registration desk for additional assistance with on-site registration. Some social activities, including lunches and Saturday evening dinner, require RSVP and may not be available.

Hotel resort fee includes daily bottled water, self-parking, WiFi, fitness facility, complimentary shuttle service to key locations, activities, golf bag storage and complimentary use of golf practice facilities.

ABOUT LA CANTERA RESORT and SPA

La Cantera's allure lies in the amenities and activities available on-site. Guests can indulge in a treatment at Loma de Vida Spa & Wellness or lounge by one of five sparkling new pools including an adults-only Infinity pool overlooking the scenic countryside. The AAA® Four Diamond resort also offers onsite fitness facilities, a complimentary golf practice facility, and boutique-villas for elevated guest experiences.

La Cantera Resort is also just a stone's throw from some of the best things to do in San Antonio and offers a complimentary shuttle to some of the city's key shopping and restaurant locations. Learn more at lancanteraresort.com

NOTE: Your username is your email address. If you are certain you already have an account and need assistance, please contact denise@tsp.net.

@txplasticsurgeons

@txplasticsurgeons

JOIN PLASTIC SURGEONS AND COLLEAGUES FROM ACROSS THE STATE AT THE TSPS 2024 ANNUAL MEETING!

OBJECTIVES

Upon completion of this program, participants will:

- ✓ Apply updated and current knowledge in comprehensive plastic surgery, cosmetic surgery, hand surgery, breast, and craniomaxillofacial surgery;
- ✓ Acquire and discuss knowledge of new techniques and innovations in comprehensive plastic surgery, cosmetic surgery, and craniomaxillofacial surgery.

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Texas Medical Association and the Texas Society of Plastic Surgeons. The Texas Medical Association is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement:

The Texas Medical Association designates this live activity for a maximum of 12.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

HOW TO OBTAIN YOUR CME

A link will be sent to all attendees the week following the conference to input your CME credit through the TMA Knowledge Center and print your CME transcript. Please wait up to 10 business days for the CME link to be emailed.

REGISTRATION

[WWW.TSPS.NET](https://www.tsps.net)

Registration includes access to 3-days of clinical meeting lectures, breakfasts, breaks, receptions, exhibit hall, wellness lounge, innovation station presentations and featured dinner on Saturday evening (additional fee applies for additional guests.)

Advanced Registration is now closed. No refunds are made for cancellations received after August 30th.

YPS Luncheon is provided on Friday with RSVP. And Business Meeting Lunch on Saturday is provided for TSPS Active and Lifetime (voting) Members ONLY with RSVP. Legends Reception is provided for Legends Members ONLY.

Online Registration Closed Wednesday, Sept. 11.

On-site registration is available, but optional activities and those requiring an RSVP may be limited. Please check with Registration for additional information.

Registration Cancellations: A \$25 administrative fee will be deducted from the total registration fee paid if a refund is approved. Non-attendance does not constitute notice of cancellation. Partial registration is not offered.

10% Discount for active military members.

Contact Denise Wilkinson at Denise@tsps.net to apply your discount.

MEETING REGISTRATION FEES:

TSPS Member/Pending Member Physician	\$750
Resident/Fellow	\$100
Medical Students	\$50
Non-Member Physician	\$825
Non-Member Other	\$825
Denim & Diamonds Dinner and Awards - Additional Guest	\$200

TSPS MEETING HUB

We are thrilled to introduce the new TSPS Meeting Hub, centrally located in the heart of the Exhibit Hall. This dynamic space will serve as the epicenter for important announcements and the latest updates, ensuring you stay informed and engaged throughout the event. Join us at the TSPS Meeting Hub to catch all the exciting news and be a part of the vibrant community experience!

WELLNESS LOUNGE SATURDAY ONLY

Stop by the Wellness Lounge and get a little boost! Enjoy a relaxing chair massage and feel the serenity of this quiet location. Health snacks will boost your energy while collaborating with colleagues about the latest innovations in health and wellness..

THE INNOVATION STATION SATURDAY ONLY

Introducing The Innovation Station... a dynamic new feature at the TSPS 2024 Annual Meeting! This exclusive event, scheduled for Saturday only, offers exhibitors the unique opportunity to deliver concise, impactful presentations akin to TED Talks. Each exhibitor can book up to ten minutes to showcase their cutting-edge products, services, or innovations in plastic surgery.

The Innovation Station is designed to foster connections and facilitate knowledge sharing among exhibitors and attendees. Whether you're unveiling a breakthrough technology, introducing a revolutionary service, or sharing insights on the latest trends in the field, this platform provides a high-visibility stage to captivate your audience.

Don't miss this chance to be part of an exciting, fast-paced day dedicated to the forefront of plastic surgery innovations. Join us at The Innovation Station and be inspired by the future of our industry!

TSPS CAREER CONNECTIONS FRIDAY ONLY

Fill out a Career Connections card and post on the TSPS Job Board (located at the Registration desk) to get connected with potential employers. Or maybe YOU are the one hiring and need to locate that next star employee. Don't miss the Career Fair opportunity on Friday, immediately following the last CME session of the day. TSPS wants to help you get connected!

TSPS SOCIAL EVENTS

FRIDAY, SEPT. 20

Young Plastic Surgeons (YPS) Luncheon with Guest Lecture

Sponsored by Allergan

Are you 42 years or younger? Or are you in the first five years of your practice? Register for the YPS Luncheon and connect with peers over this informative lunch.

Welcome Reception & Resident Awards

Join us for drinks and appetizers while we recognize the Resident Award winners. It's a great start to the conference – food, drink, and colleagues!

Women in Plastic Surgery - Evening Social

(An event exclusively for women.) RSVP required.

Sponsored by Allergan

Join us for an hour of empowerment and make professional connections with exceptional women in the practice of plastic surgery. This is an optional activity for TSPS women to gather for a cocktail and light hors d'oeuvres before heading to dinner.

SATURDAY, SEPT. 21

Texas Legends Society Cocktail Hour (Legends Members Only)

Sponsored by Tissue Regenix

Are you a member of the Texas Legends? This prestigious event is open to those who have been a member of TSPS for 10 years or more and are 65 years or older. Join current officers, past presidents and honored VIPs as we toast and honor the Texas Legends!

TSPS Annual Meeting Mix and Mingle Reception with Poster Awards

Wrap up a day of outstanding lectures and mix and mingle with TSPS members, exhibitors and guests. Join us in recognizing our Poster Awardees before heading to dinner.

Denim & Diamonds Dinner and Awards

(The Denim and Diamonds Dinner is included with TSPS Annual Meeting registration. Additional guests attending this event ONLY must register in advance. For assistance, contact Denise Wilkinson at Denise@tsps.net.)

It's time to break out your best denim and most sparkling bling for the TSPS's 2024 Annual Meeting Dinner and Awards. This denim-and-diamonds-themed evening will feature a plated dinner by La Cantera's finest chef and specialty cocktails. Enjoy a short awards ceremony as we honor our annual meeting partners and our esteemed outgoing President.

TSPS 70-Year Anniversary Celebration Social

Join us after the Denim & Diamonds Dinner for a special 70-Year Anniversary Celebration Social. All meeting attendees, guests and exhibitors are welcome to celebrate with us as we recognize 70 years of the TSPS!

If you have questions about a social activity, please stop by the TSPS Registration Desk for more information.

Natrelle
133S smooth tissue expander

PAIRED FOR PRECISION for the breast shape you envision¹

100% MATCH

between all *Natrelle*® smooth tissue expanders and *Natrelle* INSPIRA® Breast Implants (in both base width and projection)^{1,a}

Natrelle® 133S Smooth Tissue Expanders deliver a seamless match between smooth tissue expanders and round breast implants.^{1,a}

Visit [NatrelleSurgeon.com](https://www.natrellesurgeon.com)
to learn more

Actual patient with *Natrelle*® tissue expanders.
Individual results may vary.

^a**Methodology** Tissue expanders were matched to round breast implants. A precise match was defined as a breast implant that falls within a range of 0.5 cm smaller to 1.0 cm larger in base width and 1.5 cm smaller to 2.0 cm larger in projection of a tissue expander. The percentage of precise matches was calculated for each style of tissue expander.

Natrelle® Breast Implants IMPORTANT SAFETY INFORMATION

WARNINGS

Breast implants are not lifetime devices. The longer patients have them, the greater the chance they will develop complications, which may require more surgery. Breast implants have been associated with a cancer of the immune system called breast implant-associated anaplastic large cell lymphoma (BIA-ALCL). Some patients have died from BIA-ALCL. Patients have also reported a variety of systemic symptoms, such as joint pain, muscle aches, confusion, chronic fatigue, autoimmune diseases, and others. Some patients report complete resolution of symptoms when the implants are removed without replacement.

INDICATIONS

Natrelle® Breast Implants are indicated for breast reconstruction to replace breast tissue that has been removed due to cancer or trauma or that has failed to develop properly due to a severe breast abnormality. This indication also includes revision surgery for primary breast reconstruction.

IMPORTANT SAFETY INFORMATION

Breast implant surgery should NOT be performed in women with an active infection, untreated breast cancer or precancer, or who are pregnant or nursing.

Avoid damage during surgery: Care should be taken to avoid the use of excessive force and to minimize handling of the implant. Follow recommended fill volumes for saline implants to decrease possibility of shell wrinkling and crease-fold failure.

Safety and effectiveness have not been established in patients with autoimmune diseases, a compromised immune system, planned chemotherapy or radiation following breast implant placement, conditions or medications that interfere with wound healing and blood clotting, reduced blood supply to breast tissue, or clinical diagnosis of depression or other mental health disorders.

Possible adverse events include implant rupture with silicone-filled implants, implant deflation with saline-filled implants, capsular contracture, reoperation, implant removal, pain, changes in nipple and breast sensation, infection, scarring, asymmetry, wrinkling, implant displacement/migration, implant palpability/visibility, breastfeeding complications, hematoma/seroma, implant extrusion, necrosis, delayed wound healing, infection, breast tissue atrophy/chest wall deformity, calcium deposits, and lymphadenopathy.

For more information, please see the full Directions for Use at www.allergan.com/products. To report a problem with *Natrelle*® Breast Implants, please call Allergan® at 1-800-624-4261.

The sale and distribution of this device is restricted to users and/or user facilities that provide information to patients about the risks and benefits of this device in the form and manner specified in the approved labeling provided by Allergan®.

Natrelle® 133S Smooth Tissue Expanders With MAGNA-SITE® Injection Sites IMPORTANT SAFETY INFORMATION

INDICATIONS

Natrelle® 133S Smooth Tissue Expanders are indicated for:

- Breast reconstruction following mastectomy
- Treatment of underdeveloped breasts
- Treatment of soft tissue deformities

IMPORTANT SAFETY INFORMATION

CONTRAINDICATIONS

Natrelle® 133S Smooth Tissue Expanders should not be used in patients:

- Who already have implanted devices that would be affected by a magnetic field (eg, pacemakers, drug infusion devices, and artificial sensing devices)

- Whose tissue at the expansion site is determined to be unsuitable
- Who have an active infection or a residual gross tumor at the expansion site
- Who are undergoing adjuvant radiation therapy
- Whose physiological condition (eg, sensitive over- or underlying anatomy, obesity, smoking, diabetes, autoimmune disease, hypertension, chronic lung or severe cardiovascular disease, or osteogenesis imperfecta) or use of certain drugs (including those that interfere with blood clotting or affect tissue viability) poses an unduly high risk of surgical and/or postoperative complications
- Who are psychologically unsuitable

WARNINGS

- Do not use *Natrelle*® 133S Smooth Tissue Expanders in patients who already have implanted devices that would be affected by a magnetic field (see *Contraindications*) because the MAGNA-SITE® integrated injection site contains a strong rare-earth, permanent magnet. Diagnostic testing with Magnetic Resonance Imaging (MRI) is contraindicated in patients with *Natrelle*® 133S Smooth Tissue Expanders in place
- Do not alter the tissue expander or use adulterated fill. Fill only with sterile saline for injection as described in INSTRUCTIONS FOR USE. Do not expose to contaminants
- Do not expand if the pressure will compromise wound healing or vasculature of overlying tissue, or beyond patient or tissue tolerance. Stop filling immediately if tissue damage, wound dehiscence, abnormal skin pallor, erythema, edema, pain, or tenderness are observed
- Do not reuse explanted products
- Active infection anywhere may increase risk of periprosthetic infection. Do not expose the tissue expander or injection needles to contaminants. Postoperative infections should be treated aggressively
- Adverse reactions may require premature explantation
- When using suturing tabs be careful to avoid piercing the shell. Use a new one if damage occurs
- *Natrelle*® 133S Smooth Tissue Expanders are temporary devices and are not to be used for permanent implantation or beyond 6 months. Tissue expansion in breast reconstruction typically requires 4 to 6 months

PRECAUTIONS

Active infections may need to be treated and resolved before surgery. Follow proper surgical procedures and carefully evaluate patient suitability using standard practice and individual experience. Avoid damage to the tissue expander and use a sterile backup in case of damage. Pay careful attention to tissue tolerance and hemostasis during surgery. Expansion should proceed moderately and never beyond patient or tissue tolerance. Avoid contamination in any postoperative procedure.

ADVERSE REACTIONS

Possible adverse reactions include deflation, tissue damage, infection, extrusion, hematoma/seroma, capsular contracture, premature explantation, displacement, effects on bone, pain, sensation, distortion, inadequate tissue flap, and inflammatory reaction.

For more information, please see the full Directions for Use at www.allergan.com/products.

To report a problem with *Natrelle*® 133S Smooth Tissue Expanders, please call Allergan® at 1-800-624-4261.

Natrelle® 133S Smooth Tissue Expanders are restricted to sale by or on the order of a licensed physician.

Texas Legends Society

Plastic Surgery in Texas is rich in tradition and TSPS honors our legacy through the Texas Legends Society. To be an esteemed Legend you must have been a member of the TSPS for 10 or more years and you must be at least 65 years of age or older. This elite group of physicians paves the way for many generations to follow and the TSPS recognizes our Legends during the 2024 Annual Meeting.

Charles N. Verheyden, MD, PhD

Saturday, September 21 | 5pm

The Texas Legends Society Distinguished Speaker

Charles N. Verheyden, MD, PhD

Scott & White Healthcare

Department of Surgery, Division of Plastic Surgery
Temple, TX

Saturday, early evening, all Texas Legends are invited to attend the Texas Legends Social as we recognize and honor their commitment to the TSPS and the practice of Plastic Surgery in Texas. Special recognition will be awarded to Dr. Charles Verheyden in appreciation for his lecture as the 2024 Texas Legends Society Distinguished Speaker at this year's annual meeting.

Texas Legends Reception

Sponsored by Tissue Regenix

(The Texas Legends Reception is open to TSPS Legends Members ONLY.)

“The only job you have in life is to recognize and honor your personal Legend.”

– Paulo Coelho

DENIM & DIAMONDS

THE INNOVATION STATION *Saturday ONLY*

This dynamic area offers exhibitors the unique opportunity to deliver concise, impactful presentations akin to TED Talks - showcasing products, services or innovations in plastic surgery! Be inspired by the future of our industry.

- 10:40am REVELATION PHARMA: The Skinny on Compounding
- 11am ALLOSOURCE: Introducing AlloSource and AlloMend
- 11:20am ROBBINS INSTRUMENTS: The Complete Liposuction and Fat Grafting Package
- 2pm CANDELA: Advanced Radiofrequency Technology for Skin Tightening and Rejuvenation
- 2:20pm TELA BIO: The Next Generation of Soft Tissue Management
- 3:20pm SOLTA: VASER and Lasers
- 3:40pm AAI-SPECTROS: AqueCool: Leading Innovation in Patient Care Recovery
- 4pm SHAPESCALE: 3D Tracking for Aesthetics & Weight Loss
- 4:20pm SOFWAVE: Discover Lifted Skin & Toned Muscles: Unveiling Sofwave + Pure Impact

Be inspired by the future of our industry.

TSPS ANNUAL ABSTRACT & POSTER COMPETITION

The TSPS offers the opportunity to submit Abstracts and Posters in competition with other colleagues to recognize excellence and outstanding contributions to the practice of Plastic Surgery. This is a great opportunity to promote the exchange of surgical, scientific and socioeconomic information among plastic surgeons and other physicians.

ABSTRACT COMPETITION

(Submissions accepted from residents, fellows and practicing members.)

We recognize the continued pursuit of excellence with the following awards.

CRONIN AWARD

Awarded to the Best Overall Paper submitted by the Senior Resident only. (Senior status is defined as a physician in their last year of resident training before beginning fellowship.)

BEST CLINICAL PAPER AWARD

First and second places to be awarded.
Open to Residents and Fellows.

BEST SCIENCE PAPER AWARD

First and second places to be awarded.
Open to Residents and Fellows.

FOX AWARD

Presented to the Best Overall Paper.
Presented by a TSPS Member.

YPS AWARD

Presented to the Best Overall Paper.
presented by a TSPS YPS Member.

And...the highly coveted

TRUMAN G. BLOCKER BOWL!

Who will toast their victory from 2024 Truman G. Blocker Bowl? The Blocker Bowl is awarded to the Plastic Surgery Residency Program with the overall highest scores for resident abstracts. See who takes home the cup at the Mix and Mingle on Saturday evening!

POSTER COMPETITION

(Submissions accepted from medical school students only.)

BEST POSTER AWARDS

First, Second and Third place.

POSTER CONTEST PRESENTERS

SPECIAL THANKS TO OUR 2024 PARTNERS AND EXHIBITORS FOR THEIR SUPPORT

Exhibitors make our meetings possible and empower your practice!

TSPS brings some of the most innovative and essential plastic surgery-related exhibitors to showcase their products and services each year, elevating your practice to the next level. We have designed an incredible exhibit experience that will allow you to visit each booth, ask questions and build relationships with vendors. Exhibitors make our meetings possible through their partnership and support, so please stop by and get to know them!

Our Mission:

Austin Smiles is a nonprofit organization whose mission is to provide sustainable surgical and post-surgical care to children born with cleft lip and cleft palate in Central Texas and Latin America

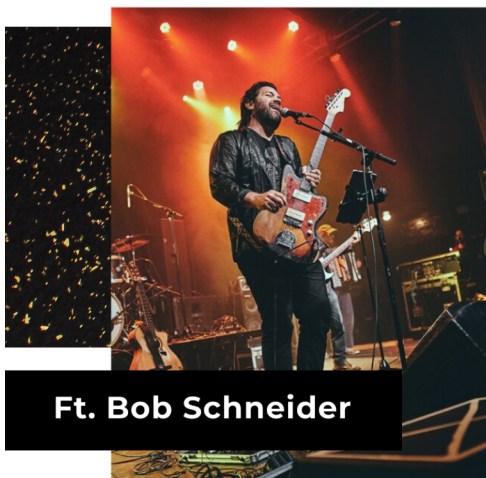

The Need:

1 in 700 babies are born with cleft lip and/or cleft palate. Children born with this condition often face: failure to thrive, feeding/eating difficulties, speech & language development, breathing & hearing impairments and mental health challenges.

Medical Mission Volunteers Needed!

Austin Smiles provides no-cost surgical and post-surgical care to children born with cleft lip and palate both locally and internationally. Medical volunteers receive an opportunity to make an impact in the world, as well as educational training and leadership opportunities for specialized cleft care across various medical occupations. **We currently are seeking: surgeons, anesthesiologists, CRNA's, surgical techs, and nurses.** To learn more about ways you can get involved, scan the QR code to the right or visit www.austinsmiles.org

Ft. Bob Schneider

Wish Upon A Smile Gala - November 9th, 2024

Celebrating 38 Years of Changing Lives, One Smile at a Time

Join us for a night under the stars, featuring sunset views, and a musical performance by **Bob Schneider**. Guests will enjoy dinner, an open bar, and the opportunity to bid on fabulous live & silent auction packages. The online auction is updated weekly and features a Diamond's Direct Wish Raffle, luxury vacation getaways, art, jewelry, cosmetic procedures, entertainment and more. For more information about tickets & sponsorships, to make a donation or to view the online auction & raffle please visit www.austinsmiles.org or scan the QR code

The online auction & raffle end on 11/9/24 - do not need to be present to win.

TSPS 2025 ANNUAL MEETING

**Marriott Marquis
Houston**

Save the Date!

**JOIN
US FOR THE
HOTTEST
TICKET IN
TOWN!**

September 26 - 28, 2025

**Keep an eye out for exciting
details to be released SOON!**

Are you a TSPS member and
want to present in 2025?

Residents, Fellows and Medical
Students... start planning **NOW**
as the call for proposals will
be launched in early Spring.

Or maybe you have some
innovative suggestions to take
TSPS meetings to the next level!
Send your feedback to
Laura.Weiss@tsps.net.

**And get ready for
HOUSTON!**

Take your business and finances to the next level:

Join us to learn unique techniques to:

- 1) Pay less tax
- 2) Increase cashflow
- 3) Maximize profits
- 4) Accumulate wealth

Our Advanced Tax Planning and CFO services are exclusively tailored to entrepreneurial Plastic Surgeons. Find out why hundreds of successful physicians in Central Texas choose Mueller & Associates, CPAs as their strategic financial partner.

Natrelle

Patient SAFETY is our
#1 PRIORITY^{2,3}

Visit [NatrelleSurgeon.com](https://www.NatrelleSurgeon.com) to learn more about our 100% smooth breast implant portfolio¹

Actual Natrelle INSPIRA® patient.
Individual results may vary.

Natrelle® Breast Implants IMPORTANT SAFETY INFORMATION

WARNINGS

Breast implants are not lifetime devices. The longer patients have them, the greater the chance they will develop complications, which may require more surgery. Breast implants have been associated with a cancer of the immune system called breast implant–associated anaplastic large cell lymphoma (BIA-ALCL). Some patients have died from BIA-ALCL. Patients have also reported a variety of systemic symptoms, such as joint pain, muscle aches, confusion, chronic fatigue, autoimmune diseases, and others. Some patients report complete resolution of symptoms when the implants are removed without replacement.

INDICATIONS

Natrelle® Breast Implants are indicated for breast augmentation in women at least 22 years old for silicone-filled implants, women at least 18 years old for saline-filled implants, and for breast reconstruction to replace breast tissue that has been removed due to cancer or trauma or that has failed to develop properly due to a severe breast abnormality. This indication also includes revision surgery for primary breast augmentation and breast reconstruction.

IMPORTANT SAFETY INFORMATION

Breast implant surgery should NOT be performed in women with an active infection, untreated breast cancer or precancer, or who are pregnant or nursing.

Avoid damage during surgery: Care should be taken to avoid the use of excessive force and to minimize handling of the implant. Follow recommended fill volumes for saline implants to decrease possibility of shell wrinkling and crease-fold failure.

Safety and effectiveness have not been established in patients with autoimmune diseases, a compromised immune system, planned chemotherapy or radiation following breast implant placement, conditions or medications that interfere with wound healing and blood clotting, reduced blood supply to breast tissue, or clinical diagnosis of depression or other mental health disorders.

Possible adverse events include implant rupture with silicone-filled implants, implant deflation with saline-filled implants, capsular contracture, reoperation, implant removal, pain, changes in nipple and breast sensation, infection, scarring, asymmetry, wrinkling, implant displacement/migration, implant palpability/visibility, breastfeeding complications, hematoma/seroma, implant extrusion, necrosis, delayed wound healing, infection, breast tissue atrophy/chest wall deformity, calcium deposits, and lymphadenopathy.

For more information, please see the full Directions for Use at www.allergan.com/products. To report a problem with Natrelle® Breast Implants, please call Allergan® at 1-800-624-4261.

The sale and distribution of this device is restricted to users and/or user facilities that provide information to patients about the risks and benefits of this device in the form and manner specified in the approved labeling provided by Allergan®.
